## TIPS AND ADVICE FROM REGINA

### **TIME matters more than the guest count at Honeysuckle Hills**

Choose your package not only to match your maximum guest count, but to include all your requested photos, events, and time to enjoy our property. Honeysuckle Hills is completely different from a small chapel, designated National Park space, and even venues of similar size to us. Our gardens and scenery provide more places than any other to take photos. Additionally, it fosters an atmosphere that encourages your guests to explore and enjoy each other's company.

One example of needing a package with more time is a couple without guests who has a long list of photo requests, wants to do a private vow reading, first dance & cake cutting. "Full Bloom" is better than "Twining Hearts."

Please respect the guest count boundaries listed for each package. Anyone of walking age is a guest, except the wedding couple.

### **Itineraries (Timelines) are Unique for EVERY WEDDING**

I love creating a custom timeline! No two weddings are alike.

For example, you may want to have a ceremony at sunset, especially in the fall at our mountain view. This means we will schedule a first look and all other photos PRIOR to the ceremony, which will end at sunset. (Once it's dark, photos are over.) We can also schedule your photo session to end as the sun is going down.

Tell me your wedding vision. Does it include a reception, first dance, or other special idea? Will this be a family reunion atmosphere in which family group photos are top priority? Everything matters to me when creating your itinerary or even a custom wedding package. If you're on property for any reason, it's considered venue time. Let me help you make the most of every second!

### **Dressing Room Time**

Be realistic with your expectations using our two dressing areas. If you have a larger wedding party, I recommend asking them to arrive dressed, which saves you both money AND the stress of worrying if everyone else will be ready on time. If your dress requires lacing a corset, fastening multiple buttons, or if you're using body tape it's a good idea to include extra dressing room time in your itinerary.

### **Winter and Summer Temperatures**

It is extremely hot and humid from the middle of June through August in the Smoky Mountains. Because our dressing areas are in our historic barn upstairs, we recommend hair and makeup services to be completed off-site in summer.

The only time of year you and your guests will spend less time enjoying our lovely venue is during the extreme heat of summer or during frigid winter temperature plunges. With those exceptions, guests want to spend as much time as possible here.

Our reception area is open from the end of March through the end of October. In the winter our reception area is too drafty to enjoy comfortably, even with our supplemental heat. It is air conditioned in summer months, making it the coolest spot in our historic barn.

# 2026

## *How to* BOOK YOUR WEDDING And Secure Your Date

Determine availability of your wedding date by reaching out personally. Weddings are scheduled Wed-Sat, and we do our best to limit weddings to only four per week. April, May, September, October and the first half of November are our busiest months. Some dates require a minimum booking, especially on Saturdays.

Call or text me at [865-368-5569](tel:865-368-5569). My email is [regina@honeysucklehills.com](mailto:regina@honeysucklehills.com)

### CHOOSE A WEDDING PACKAGE.

Choose one of our curated packages from this price list, or I will joyfully help you customize a package for your individual needs. Prices on this list are guaranteed as long as you book your wedding by March 1<sup>st</sup>, 2027. Your signed contract locks in your pricing. No dates are held without a signed contract, and dates are subject to availability.

### SIGN A CONTRACT

#### [Custom Elopement Booking Form](#)

A signed contract and payment is required to officially book your date. Your contract will specify information related to hosting your wedding at our venue, and your invoice will contain what is included in your wedding package.

### PAYMENT

After signing your contract, we'll send an invoice for the first 1/3 of your wedding invoice. The next 1/3 payment is due 60 days before your wedding and the balance is due 14 days before the wedding.

While wedding packages can be modified along the way, they are still subject to our no-refund policy listed below in addition to any further clauses in your wedding contract.

### REFUND POLICY

**IMPORTANT:** The wedding market is unique with the timeline in which couples plan and secure dates. All payments are non-refundable, regardless of the reason. Your payments are applied to event planning, maintaining our venue in anticipation of your event, as well as the actual services provided on wedding day.

We are very happy to reschedule your wedding one time based on availability, but there are never any refunds. Life happens. This is why I recommend [Eventsured](#) for the unexpected. We are not affiliated with them in any way, but they are the best event insurance company I've found to date.
